

Harris or Trump: Is 2024 Election the Church's Great Reset?

Author's Note: I'm rereleasing this revision for 2024.

There has been lots of talk lately about the Great Reset (resetting the economic and geopolitical aspects of the world, with one group overseeing it). Those of us who are concerned about freedom, religious expression, morality and many other topics are not fans of a Great Reset.

Leading up to Jan. 20, 2025, let's look at two potential scenarios regarding the presidency and how they could affect the church. I'm still very hopeful because my hope is in God.

In either case, Harris or Trump, I believe something monumental will occur: The church will reset. It needs; it must. It's painfully obvious that most churches do not model themselves after the church Christ commissioned. God must often break us down in order to build us up.

Harris Presidency

A Harris win will no doubt usher in a great reset that leads to even greater financial collapse. We are seeing signs of this already.
