

# Higher Heights

 By Papa San | Universal Music Group

Known as Jamaica's fastest lyrical-speaking DJ, Papa San has released his fourth album, which has a different sound and combines rock, reggae, Jamaican dancehall sounds with gospel, according to his Web site. The sound will not only please listeners but will also bring conviction.

The CD features tracks such as "Inna De Ghettio," which speaks about having hope to change the inner city. "You Take Care of Me" declares God's faithfulness in times of need. "Stand" reminds believers not to compromise the gospel. Fellow artists such as Alvin Slaughter, Glacia Robinson and Marvin Winans Jr. join San on this project.
