

History Has Moved Together to Reveal a Mystery—Even Concerning President Donald Trump

Now that President Donald Trump has been acquitted of impeachment charges, many may say the Senate decision wasn't much of a surprise.

But in his worldwide massive hit, *The Oracle: The Jubilean Mysteries Unveiled*, *New York Times*' bestselling author Jonathan Cahn uncovers new revelations that actually show that all of history has been moving together to fulfill an ancient mystery—one that began thousands of years ago, yet moves through the modern world, guiding all human events, directing the courses of nations and world history itself to bring about its appointed purposes.

"There are ancient prophecies, Bible truths, Jewish customs and strategic events that have been happening all along and continue to determine what's happening right now in the world, aligning everything to one great moment," Cahn said. "Some of the most famous names in history—both ancient and current—are linked to this mystery in ways you can't imagine. Nebuchadnezzar, Nero, Mark Twain, Harry Truman, David Lloyd George, Theodor Herzl, David Ben-Gurion and even Donald Trump have all had a part in bringing God's ultimate plan to pass."

Cahn shocks his readers again with *The Oracle*, in which he opens up the Jubilean mysteries and a revelation so big that it lies behind everything from the rise and fall of nations and empires—even America—to the current events of our day, to the future, to end-time prophecy and much more.

The Oracle unlocks the great mysteries of our time and reveals

centuries-old mysteries that directly tie to world history and are even synchronizing today's current events in amazing ways.

"In all of human history, only two world leaders issued a declaration concerning the recognition of Jerusalem—King Cyrus and President Trump," Cahn noted.

But could there be more to the mystery?

The prophecy also foretells that the king's declaration would come at the end of seventy years. Did Trump's Jerusalem Declaration come at the end of any 70-year period significant in Jewish history? Counting back 70 years from Trump's declaration takes readers to 1947—the very year that Israel was voted back into existence.

"Cyrus issued his declaration not only at the end of a 70-year period, but in his first year of world power," Cahn added. "Trump came to power in January 2017. He issued the Jerusalem Declaration in December 2017, just before the end of his first year of power, as did the ancient king."

But in *The Oracle*, Cahn takes the mystery to an even deeper level. Israel was voted into existence the night of Nov. 29, 1947—or Kislev 17 on the Hebrew calendar. The Scriptures give the time of the king's declaration as "after seventy years." Thus, the 70-year period would end on Kislev 17, 2017. The "after seventy years" would begin on Kislev 18, 2017. On the Gregorian calendar, Kislev 18 is Dec. 6, 2017. Trump entered issued the Jerusalem Declaration on Dec. 6, 2017—Kislev 18—"after seventy years" to the exact day.

"The ramifications of this mystery are staggering," said Cahn. "It means that if we had known the mystery back on the day when Israel was voted into existence, we could have foretold, that 70 years later a man would rise to world power and would issue a declaration concerning Israel and specifically Jerusalem—and would do so in his first year of world power—and would issue it in the Hebrew month of Kislev.

“These mysteries concern more than the Jewish people—they concern every person on the planet,” he added. “God has been orchestrating His plan for generations in a breathtaking way. No one but God could have done it, and nothing but His reality can explain it.”

In *The Oracle*, Cahn takes readers on a journey to find the man called “the Oracle.” One by one, each of the Jubilean mysteries are revealed through the giving of a vision to a traveler. *The Oracle* uncovers the mysteries of “The Stranger,” “The Lost City,” “The Land of Seven Wells,” “The Birds,” “The Number of the End,” “The Man in the Black Robe,” “The Prophet’s Song,” “The Man with the Measuring Line,” “The Matrix of Years,” “The Day of the Lions,” “The Awakening of the Dragon” and many more.
