

Hit Your Supernatural Restart Button

Jesus says that the thief, the devil, comes to steal, to kill and to destroy (see John 10:10a). And a couple of weapons that Satan uses against us are sickness and disease. That's right, sickness and disease steal joy, finances and the future from us. They not only kill the human body, but they also kill hopes and dreams. They cause such havoc upon relationships that close relationships are often destroyed by the stress of it all. They also destroy such things in our lives such as our witness of a loving and faithful God, and a peaceful state of mind. This is the reality of so many lives afflicted by sickness and disease, but we do not have to remain in the devil's realm of chaos.

Jesus continues to speak to us in John 10:10b, “I came that they may have life, and that they may have it more abundantly.” We have a choice to make. Either we choose to stay in the realm of suffering with Satan, or we choose to believe the words of Jesus, and align ourselves with the power of the Holy Spirit. And I encourage you to choose the latter and learn to believe and have faith to heal for yourself or for someone you care about.

I witness over and over again that healing is like pressing the “restart” button to life. Just this weekend I was ministering in Zanesville, Ohio, and so many received their healings. By their faith, they hit this refresh button of faith, and their lives are beginning over again without sickness and disease and all the pain and suffering they bring.

One husband and wife stood in front of me, desiring to hit this refresh button of faith for their healing, and they did. They received the astounding miracles from God they desired.

The husband had suffered a stroke that left his left side paralyzed and his left eye completely blind. In an instant, this man's eye was opened, and he cried out, "I can see again!" He and his wife were jumping for joy when he cried out again that the paralysis is completely gone. This man was loosed from the heavy burden Satan had put upon him, and all that the enemy had stolen from him was restored.

What are you waiting for? Hit that restart button with your faith for healing and allow the healing power of the Lord to refresh, restore and restart your life once again for the glory of the Lord. Amen! {eoa}
