

How Lola Sheen Was Radically Brought Out of Darkness to Light

If you are in crisis, please call 988 or visit [988lifeline.org](#). You are not alone.

After sharing her testimony of becoming radically transformed by the love of Christ, Lola Sheen has started her very own podcast to encourage others in their walk with God.

The new podcast, “HeavenlyBonded,” comes right after Sheen posted photos from her recent baptism, which took place earlier this month.
