

How These Ancient Prophecies Reveal End-Times Events Happening Right Now

Since ancient times, people have gathered in their synagogues, opened up the scrolls and read appointed, specific portions called *parashas* every Sabbath day.

Jonathan Cahn's new, soon-to-be-released book, *The Oracle*, reveals that these ancient words actually foretell world events that come to fulfillment at the time of their appointed reading.

"Events are happening in our lifetime, and they are there in the scroll appointed for the day, the week or the day that this is read," Cahn tells Grace Swartz on the "Warrior Family Ministries" podcast. "... *The Oracle* is revealed in a story, a narrative, to make it easy. A man searches for a man called the Oracle. The Oracle is basically a prophet. He's on a mountain and he reveals these mysteries of God one by one. [These mysteries] are revealed through seven doors, so seven doors, seven keys, and behind every door is a stream of mysteries.

"It keeps progressing and getting bigger and bigger and bigger until it reveals our elections, the outcome of our elections in America and the timing—it's all determined by the mystery."

Ultimately, *The Oracle* will reveal the secret that lies behind end-time prophecy and the mystery of the end of the age. As with two of his other bestsellers, *The Harbinger* and *The Book of Mysteries*, Cahn reveals the mysteries through a narrative. A traveler is given seven keys; each will open up one of seven doors. Behind each door lies a stream of mysteries. The reader is taken on a journey of angels and prophetic revelations waiting to be discovered behind each of the seven doors—the

ancient secrets that lie behind the world-changing events of modern times—and revelations of what is yet to come.
