

How This Horrific Violence Will Lead to the Ultimate Harvest of Souls

God triggered every single Great Awakening during a time of political upheaval, economic unrest and while the church was asleep, author Tom Horn says.

Thus, the increasing violence in today's headlines—terrorist attacks in Europe, shootings and police brutality in the United States—will lead to the ultimate harvest of souls, he tells Jim Bakker.

"It was God taking beauty out of ashes," Horn says of previous revivals. "God bringing strength out of weakness. It was always God reviving the remnant that was there."
