

How to Escape the Jezebel Spirit

What is the Jezebel spirit?

In his latest video, Pastor Mike Signorelli does a deep dive into Scripture to teach us what the Jezebel spirit is. Citing many passages from 1 Kings and then Revelations 2:18-26, he explains that Jezebel was first a historical figure and today represents compromise, boundary breaking and bucking against kingdom authority. Many times the Jezebel spirit is linked solely to sexual immorality. But wherever you see compromise, you see Jezebel. This includes every area of your life such as finances, your personal relationship with God, how you work and more. Signorelli also points out that while the pronoun “her” is associated with the Jezebel spirit, it can be present in both men and women.
