

How to Turn Your Prophecies Into Prayerful Intercession

The book of Revelation transports James Goll into a prophetic mindset.

“The place where the waters run the deepest in the prophetic for me, not necessarily someone else, for me, is when I read the spirit of Revelation along with the power and the purpose of prayer,” Goll says.

But he’s not just reading. While his eyes skim the words, Goll’s heart begins to pray.

“So, for me, I, along with my dear friend Cindy Jacobs, she’s known as the mama and I’m known as the papa, a prophetic intercession around the world where we were hearing from God, the spirit of revelation, and then we turn what we hear into prayer intercession. So, prophetic intercession is the joining of the two hands of two different complementary streams into that one divine purpose,” Goll says.

Goll is not doing this alone, though. He’s in tune with the Father’s heart.

Listen to the podcast below if you want power to turn your prophecies into powerful intercession.
