Denise Goulet is a woman who likes to keep it real. Through her dynamic walk of transparency and authenticity, she connects with people and draws them to the Father. She has been called to release the fire of God to the nations and has traveled all over the world imparting what the Lord has poured into her. Denise and her husband, Paul, have laid down their lives to pastor the International Church of Las Vegas (ICLV) for the last 28 years helping transform a city through God's love.

In a recent episode of *Revealing God's Heart* on the Charisma Podcast Network, Denise talks about how to carry the fire of the Holy Spirit. She shares how she walks in intimacy with the Holy Spirit. John 17:14b-16 (TPT) says, "For their allegiance is no longer to this world because I [Jesus] am not of this world. I am not asking that you remove them from the world, but I ask that you guard their hearts from evil, for they no longer belong to this world any more than I do."

So how do you say yes to this great invitation from Jesus? Denise is a wife, mother, nana, sister, friend, but most importantly, a daughter who knows her true identity.

As a believer going through a tough time, how do you remain true to who you are and the access you have through the Holy Spirit? There are trials in life that test our faith and go beyond our understanding, but when we walk in intimacy with the Holy Spirit, He's able to give guidance, counsel and wisdom to endure.

In this episode, Denise discusses how to carry the fire of the

Holy Spirit and how to have Jesus at the center of your life. Fire symbolizes trial/tribulation and purification. Surrendering yourself to God means to be set apart, “to be His sacred, living sacrifices” (Rom. 12:1b).

Listen now to hear how the Holy Spirit continuously transforms Denise’s life and how He can transform yours too. {eoa}
