

How You Can Launch Into the Deep With Christ

Is the Lord leading you to take a leap of faith to do something you haven't done before, to try to succeed in an endeavor where you have failed before?

How do we launch out into the deep? What does it look like?

Dr. Joelle Suel shares powerful keys to help us answer the call of God. We don't easily recognize the purpose of God in what He asks us to do. It takes faith, determination and the ability to overcome adversities, by His grace, to obey Him moment by moment.

This podcast episode of *The Glorious Truth with Dr. Joelle Suel* will help you move forward with surety in your steps, leave the past behind and have joy in the journey, from glory to glory. And make sure to read my latest book release, *Stepping Stones*.
