

Is Divine Healing for Today?

Many today argue that divine healing does not happen any longer. Yet Dr. Michael Brown wants to reopen that topic for discussion in a recent video, and he starts by reframing the question.

“When it comes to divine healing, the ultimate issue is not, ‘Was someone healed miraculously?’ or ‘Was no one healed miraculously?’” Dr. Brown says. “The ultimate issue is ‘What does Scripture say?’”

Check out the video to explore Scripture with Dr. Brown. Let us know whether you agree with his findings.

Can God still heal people today? Sound off in the comments section.
