

Is the Chief Demon of Chaos Coming to Attack the World in April 2029?

Imagine walking out in the evening just a few years from now and noticing what looks like a horned, fiery dragon, thousands of feet wide, plunging through the heavens and toward the earth at incomprehensible speed. This terrifying monster seems to swim across the sky, past the stars, descending closer to the earth until, making contact, it plunges into the ocean. Its massive form sends a sequence of tsunamis measuring 600 feet apiece in height, which slam into the coastal terrain of regions across nearly half the world, infusing the atmosphere with scorched particles of aerosol and vapor.

The resulting blistering culmination of moisture and extreme heat in the earth's atmosphere subsequently combusts into a series of high-velocity hurricanes that turn their deadly gaze upon the yet-unaffected hemisphere of the world. So much debris is released as a byproduct of the initial impact and consequent devastation that for about a week, darkness covers the sky worldwide as the entire landscape is pounded by hurricanes and similar atmospheric annihilation. By the time the waters finally settle, storms subside and the sky grows clear, much of the life on earth is dead.

Could this terrifying event actually take place? In my book *The Wormwood Prophecy*, I predict it will, just over nine years from now. The fiery dragon of chaos is called Apophis, which NASA named after the ancient Egyptian spirit of evil, darkness and destruction. According to legend, it is a malevolent force that cannot be stopped.

I forecast it will directly impact earth on Friday, April 13, 2029. I further prophesy this threat is what the Bible calls

Wormwood.

“And the third angel sounded, and there fell a great star from heaven, burning as it were a lamp, and it fell upon the third part of the rivers, and upon the fountains of waters; and the name of the star is called Wormwood: and the third part of the waters became wormwood; and many men died of the waters, because they were made bitter” (Rev. 8:10–11, KJV).

In my book you will discover evidence that NASA, the ESA and other national space agencies are involved in a cover-up, fearful that knowledge of what is truly coming will lead to global panic. Some very smart scientists agree with me. And—in just a few short years from now when the secret gets out—multitudes will be on their knees begging God for deliverance from what is coming.

I recently spoke with Dr. Steve Greene on his “Greenelines” podcast for Charisma about why I am making such an astonishing prediction at this time. You can listen to the program in this article.
