

Is the Red Horse of the Apocalypse Riding Now?

The red horse of the apocalypse, typically referred to as the horse of war, may now be riding, John Shorey tells Jim Bakker.

“You’re saying the first horse is already out, the white horse,” Shorey says. “The second [horse] is war, famine pestilence. ... Isn’t the second horse war? Didn’t it say it was going to involve one quarter of the earth?”

The earth is about to enter into a “mega-war,” Bakker says. “It’s going to be so bad that the Bible describes it as this huge, it describes it really as a sword.”

Revelation 6:3-4 offers this insight:

When He opened the second seal, I heard the second living creature say, “Come and see.” Then another horse that was red went forth. Power was given to him who sat on it to take peace from the earth, causing people to kill one another. Then a great sword was given to him.
