

Islam at War With a Delusional West

"Islam has a proud tradition of tolerance."

– Barack Hussein Obama

Isn't it about time we crusade for self-defense?

I'll say it again. Political correctness is a barrier to truth and a pathway to tyranny.

It's also deadly.

As I beheld across my social media feeds Thursday night, the horrific, blood-bathed images of 84-plus slaughtered innocents on the streets of Nice, France (at the hands of yet another Muslim named Mohamed), I was reminded of a quote by the great Winston Churchill: "An appeaser is one who feeds a crocodile hoping it will eat him last."

I was also reminded of a statement by Hillary Clinton: "Let's be clear: Islam is not our adversary. Muslims are peaceful and tolerant people and have nothing whatsoever to do with terrorism."

At best, this woman is an appeaser. Apart from Barack Obama, she has proven chief chum-chucking chump to the crocs of the caliphate. This level of willful self-delusion requires suspension of disbelief stimulated by strong medicine indeed. That medicine is multiculturalism—the global "progressive" left's pet project, save cultural Marxism, in a disastrously failed globalist public policy.

While Hillary is an appeaser, an apologist for Islam (or "dhimmi"), President Obama, I fear, is something far worse.

Tears welled in my eyes as I viewed the now viral image of a

child sprawled lifeless on the streets of Nice, covered by a body blanket and flanked by her doll. As I stared at this image, a ghastly metaphor for modern multiculturalism, an ember of rage burst aflame within me. I reflected upon how Obama once described the Muslim call to prayer as, "one of the prettiest sounds on Earth at sunset."

And I felt disgust for the man.

That call to prayer asserts, among other things:

Allah is Supreme!

Allah is Supreme!

Allah is Supreme! Allah is Supreme!

I witness that there is no god but Allah

I witness that there is no god but Allah

I witness that Muhammad is his prophet

Standing before the United Nations General Assembly in 2012, Obama uttered these chilling words: "The future must not belong to those who slander the prophet of Islam."

Indeed. The dead of Nice have no future at all.

Will we?

We know where Barack Obama's sympathies, if not his loyalties, lie. But what of his would-be successor, Hillary Clinton?

The answer requires little speculation. Ms. Clinton has indicated her intention to resettle at least one million Muslim refugees in the U.S during her first term alone.

She plans to house the hounds in the hen house.

And hounds many will be.

Consider, for instance, that according to a 2015 Center for Security Policy poll, 51 percent of American Muslims desire that Islamic Shariah law be made the law of the land.

Moreover, nearly 30 percent say that violence is appropriate against Americans who “insult” Islam or its “prophet” Muhammad.

Both Islam and the Quran, among many other such atrocities, explicitly require worldwide caliphate (global domination and the violent imposition of Islamic Shariah law). It treats women as chattel, stones them to death if they are raped (or not properly attired) and, in even the most “civilized” Islamic nations such as Saudi Arabia and Iran, executes practitioners of homosexuality as a matter of law.

These facts are not open for serious debate and are available for all to read, hear, see and, tragically, experience. Islam, therefore, is inherently at odds with freedom, democracy and the United States Constitution. While devout followers of Muhammad readily admit this reality, the suicidal left yet remains hellbent, head in the sand, on “tolerating” itself, and the rest of us, to death.

Writing last year in Investor’s Business Daily, investigative journalist Paul Sperry noted that “60 percent of Muslim-Americans under 30 ... told Pew Research they’re more loyal to Islam than America.”

A treasonous heart leads to treasonous acts.

And that’s just the tip of the scimitar. Consider these terrifying numbers:

- 83 percent of Palestinian Muslims, 62 percent of Jordanians and 61 percent of Egyptians approve of jihadist attacks on Americans. World Public Opinion Poll (2009).
- 1.5 Million British Muslims support the Islamic State, about half their total population. ICM (Mirror) Poll 2015.
- Two-thirds of Palestinians support the stabbing of Israeli civilians. Palestinian Center for Policy and

Survey Research (2015).

- 45 percent of British Muslims agree that clerics preaching violence against the West represent “mainstream Islam.” BBC Radio(2015).
- 38 percent of Muslim-Americans say Islamic State (ISIS) beliefs are Islamic or correct. The Polling Company CSP Poll (2015).
- One-third of British Muslim students support killing for Islam. Center for Social Cohesion (Wikileaks cable).
- 78 percent of British Muslims support punishing the publishers of Muhammad cartoons. NOP Research.
- 80 percent of young Dutch Muslims see nothing wrong with holy war against non-believers. Most verbalized support for pro-Islamic State fighters. Motivaction Survey (2014).
- 68 percent of British Muslims support the arrest and prosecution of anyone who insults Islam. NOP Research.
- 81 percent of Muslim respondents support the Islamic State (ISIS). Al-Jazeera poll (2015).

Muhammad taught, and the Quran stresses, that a central tenet of Islam is to convert, enslave or kill the infidel. An infidel is anyone who is not Muslim or, depending on who's doing the killing, belongs to a different sect of Islam. Those who fall into that elusive, perpetually mute category tagged “moderate Muslim” are also infidels or “idolaters.” They're bad Muslims and, so, according to the Quran, not Muslims at all. “When the sacred months are over slay the idolaters wherever you find them,” commands Surah 9:5. “Arrest them, besiege them, and lie in ambush everywhere for them.” Faithful Muslims, true followers of Muhammad, “slay the idolaters wherever [they] find them.”

Brigitte Gabriel is a world-renowned national security expert. Her concentration is on the—ahem—explosive rise in Islamic terrorism. She notes that there are 1.2 billion Muslims in the world. Of them, intelligence agencies estimate that 15-25

percent are orthodox Muslims, meaning they actually follow the teachings of the Quran.

“That leaves 75 percent of [Muslims being] peaceful people,” observes Gabriel. “But when you look at 15-25 percent of the world’s Muslim population, you’re looking at 180 million to 300 million people dedicated to the destruction of Western civilization. That is as big as the United States,” she concludes.

Hillary Clinton’s delusional, PC-poisoned and crazy words here bear repeating: “Let’s be clear: Islam is not our adversary. Muslims are peaceful and tolerant people and have nothing whatsoever to do with terrorism.”

Some are and some don’t.

Yet hundreds of millions do.

The best thing Donald Trump has going for him is that he’s not Hillary Clinton.
