

# JANUARY 2012: America's Final Warning?

## IN THIS ISSUE ...

More than 2,700 years ago God gave Israel warning signs of the future if it didn't return to Him. These harbingers of destruction are reappearing in the U.S. today—in uncanny detail. Is God issuing the same prophetic message? Messianic Rabbi Jonathan Cahn thinks so and unveils part of the ancient mystery in this first issue of *Charisma* in 2012.

But Cahn's intriguing message, called *The Harbinger*, isn't just a captivating new book. As "The Bearer of the Harbinger" reveals, there's more to this timely revelation—and Cahn—than what's on the page.

For those who haven't decided to kick off the new year by fasting, Jentezen Franklin explains how even a short season of self-denial will restore lasting passion for God.

Former *Charisma* editor J. Lee Grady reveals "12 Spiritual Trends to Watch in 2012," based on his world travels and networking among the global Spirit-filled community. Grady also identifies 12 current hotspots for the Holy Spirit—including China, where an astounding 30,000 people a day turn to Christ.

Ken Walker reports on "The Biggest Revival in History" and asks local leaders if this monumental move of the Holy Spirit is actually changing how the Communist state treats Christians.

Plus, those struggling to make ends meet won't want to miss "God's Requirements for Recession-Proof Living," in which Bill Wiese shares Scripture on how to not only survive but even *prosper* amid today's economic challenges.
