Jim Bakker shared a prophetic word with his fellow hosts on *The Jim Bakker Show*, including Zach Drew and Sasha Volz of *Revelation in the News*.

"I believe there's going to be the greatest revival we've ever seen. And it won't be like any revival we've seen before, but I believe there's going to be a lot of shaking," Bakker tells the group.

Though Americans may believe they've found hope in President-elect Donald Trump, Drew says Trump is a 21st-century Churchill, which means a war may be headed America's way.
