

You Must Vote Democrat If You Want All of These Wonderful Things

Read Time: 8 Minutes 2 Seconds

Foundationally, I am not partisan. I have confronted—face to face—numerous Republicans running for office who have stood for wrong values. I have worked hard to defeat some Republicans.

Why? Because they defied God's ways. I have been open about my criticism of some within the Republican Party. My commitment is to Scripture. My commitment is to biblical principles of governance.

In this article, however, I am going to focus on Democrats.

Here is my advice: Here are seven reasons why you should vote Democrat:

Based on history and the present reality, you need to vote Democrat if you want:

- Higher prices.
- Continuing inflation.
- Exorbitantly high national debt.
- Rapidly rising cost of food.
- Increasing cost of gasoline.
- The U.S. not to be energy independent, despite our vast reserves.
- Your retirement to diminish.
- Young people not to be able to buy homes.

You need to vote Democrat if you want:

- Drag queens telling stories to children.

- Gross and graphic homosexual acts taught to kindergartners.
- Your children to decide to change their “gender” in grade school and then have the children taken away from their parents if they do not comply.
- If you want your daughters to be taken for abortions without you knowing it as a parent.
- School boards to be against parents.
- School boards to allow and encourage pornography but shut the microphone off and have the parent removed if they dare to read that same school approved pornography at a school board meeting.
- Parents to be viewed as domestic terrorists if they care about what their children are learning.
- The view to prevail that the children actually belong to the teachers.
- Leftist, radical teachers unions to control the education of your children.
- Teachers unions to refuse to teach claiming “COVID,” while demanding their pay, then demanding subsidy from the federal government and then denying that they objected to teaching.

You need to vote Democrat if you want:

- Criminals let back on the street.
- Murderers set free within 24 hours.
- A vice presidential candidate—later Vice President—who helped raise bail money to let violent criminals out who were burning, rioting and looting our cities.
- A presidential candidate—later occupant of the White House—who refused to condemn burning, looting, rioting and murder in the streets of America in 2020 for over 100 days.
- Soros backed, anti-American, anti-law, pro-criminal district attorneys to be elected.

You need to vote Democrat if you want:

- God's definition of one man-one woman marriage destroyed.
- To support that for which God destroyed Sodom.
- To defy God's declaration that there are only two genders: male and female.
- Perversion and debauchery to flourish in our streets with great "pride."
- For men to call themselves women and continue to bully girls in sports, and in some cases rape girls in the locker rooms and bathrooms, while the girls who protest are thrown out of their own locker rooms.

You need to vote Democrat if you want:

- Babies to be dismembered in the womb, torn limb for limb and their spinal cords cut, all done with no anesthesia.
- Babies—in some cases—to be left to die after failed abortions.
- Parents to have the option to terminate the life of a baby, that is, kill the baby, up to 28 days after birth, if they decide they do not want him or her.

You need to vote Democrat if you want:

You need to vote Democrat if you want:

- No borders for our nation.
- Anyone—criminal or otherwise—to come in, without knowing who they are.

- For you, as a citizen, to have to comply with strict COVID overregulation, while illegal immigrants don't have to comply at all.
- Illegal immigrants shipped to your community by the federal government with no warning to your governor or mayor.
- Liberal communities to claim they are "sanctuary cities," but protest when illegal immigrants are brought to their community.

- The main stream media to be the public relations

department for your Democrat Party.

You need to vote Democrat if you want:

- To buy into the fearmongering of climate change (as opposed to a sane and sound approach to scientifically grounded "Creation Care").
- The nation's infrastructure to be destroyed due to lack of the use of fossil fuels.
- The nation to experience an energy crisis when they discover what we already know, that renewables are woefully inadequate to meet our future needs.
- Our nation to become a third world nation.

You need to vote Democrat if you want

- The government to force you to put something in your body you do not want.
- The government to lie about the origin of COVID.
- The government to lie about the effectiveness of the so-called vaccine.
- The government to lie about the harmful impact of the so-called vaccine.
- The government to censor, muzzle and even jail doctors who point out the results of their research regarding COVID and the so-called vaccine.
- The "governmental-medical cabal" to silence any opposition.
- Medical freedom to end.
- Totalitarianism to overtake the medical community as well.

You need to vote Democrat if you want:

- The mentally ill and drug addicted to take control of and destroy our neighborhoods.
- To not deal wisely and forcefully with the filth, feces, crime, disease and murder in homeless encampments.

You need to vote Democrat if you want:

- Congress to spend all its time on a manufactured lie about Russia's involvement in the 2016 election.
- Congress to spend all its time impeaching a President—not once, but twice—because they hate his popularity.
- Congress to do everything it can to disallow an open investigation of the 2020 election.
- Cabinet members who look right at members of Congress and lie (“The border is secure”).
- Nominees to the Supreme Court who do not know what a woman is because she is “not a biologist.”
- Two states added to the Union simply because your party cannot win any other way.
- Several justices added to the Supreme Court because your party simply cannot win any other way.
- A Department of Justice which violates the law anytime it chooses to, including the failure to protect pro-life pregnancy centers from firebombing and attacks, or protecting the homes of Supreme Court justices.
- An FBI which was once so respected, but which now kicks down the doors of political opponents as a show of force.
- Totalitarian authoritarianism in this nation, while chanting “Democracy is at stake.”

You need to vote Democrat if you want:

- Klaus Schaub and the World Economic Forum to run your country.
- George Soros and his ilk to rob the nation of sovereignty.
- Mark Zuckerberg to control elections with his massive wealth.
- Globalism, a one-world government, rather than national sovereignty.

You need to vote Democrat if you want:

- To announce that you are ashamed of America.
- To be part of a party which considered voting "God" out of its party platform.
- Capitalism to be destroyed by excessive overregulation.
- Entrepreneurs to be penalized for being productive.
- Excessive taxation and hyperregulation.
- Unelected bureaucrats to run the nation with laws that were not passed by elected representatives.

You need to vote Democrat if you want:

- The military to be "neutered."
- The military to be transgendered, more concerned with wearing high heels than fighting a war.
- The military to be more focused on affirming homosexuals than defending the nation.
- China to continue to exercise and radically increase its influence globally, with no checks from a (once) strong U.S.
- Iran to be supported in its exporting of terrorism globally.
- North Korea to continue to fire missiles.

You need to vote Democrat if you want:

- Israel to stand alone.
- To falsely accuse Israel of apartheid.
- A "two state solution" which will make it impossible for Israel to defend itself.
- Iran to be equipped with nuclear capabilities, whose goal is to destroy Israel and the U.S.
- Plane loads of billions of dollars of cash flown to Iran from the U.S.

You need to vote Democrat if you want:

- A president who is severely cognitively declined, a

continual embarrassment to our nation.

- A vice president who is profoundly ignorant, a continual embarrassment to our nation.
- A Speaker of the House who is frequently incoherent.
- A Senate Majority Leader who is obsessively and irrationally partisan.

You need to vote Democrat if you want:

- Political elites who make rules for you, but don't follow them themselves.
- Elected officials who destroy computer evidence and have no consequences.
- To destroy this nation.

(Note: the above is based on the Democratic platform, and positions held by many high-level Democrat elected officials.)

And you vote Republican, you (assuming you care about biblical values) need to make sure your candidate adheres to scriptural truth. For example, 47 Republican members of the House of Representative (that is 22% of them) recently voted for that for which God destroyed Sodom.

Thus, the ultimate issue is not whether one is Democrat or Republican. The ultimate issue is this: Is the elected official in conformity with the One who invented government and who establishes nations?

To the extent that a nation follows the biblical principles of governance, to that extent there is a reduction of human pain, suffering and poverty. To the extent that a nation refuses to follow the biblical principles of governance, to that extent there will be an increase in human pain, suffering and poverty.

Simply stated, God is loving. He wants our communities and nations to flourish, to have tranquility, peace and to prosper. He did not write "the book," and then say, "Oh wow, I

forgot about the whole government thing!”

God knows best, even when it comes to government. His ways are always righteous and holy. The Bible has the life-giving foundations for all our governmental and political issues.
