

Jonathan Cahn Exposes Secrets Behind Today's Events in New Best-Selling Book 'The Paradigm'

Exposing secrets is something that seems to create titillation in both Hollywood and politics—just look at the current rash of sexual misconduct allegations as evidence.

In his highest-debuting and latest *New York Times* best-seller, *The Paradigm: The Ancient Blueprint That Holds the Mystery of Our Times*, (), Jonathan Cahn has a message for the masses that will both anger and shock the world, as *The Paradigm* draws on an ancient blueprint that exposes the secrets behind today's events and those in the future.

The Paradigm also foretells the rise and fall of modern leaders and governments while unveiling how events from 3,000 years ago are determining the course of our world and, with it, the course of our lives. This template of the ancient Middle East even provides the parameters of time that modern world leaders are to remain in power.

"*The Paradigm* warns readers of what's to come with detailed disclosures and precise revelations, divulging not only the year when an event is to take place but sometimes even the exact date," Cahn says. "Covering terrorist attacks, presidential elections and government scandals, *The Paradigm* is without question my most explosive book ever written. It removes the veil behind the events, the leaders, the elections, the crises and the news stories the world of the last quarter century.

"What is revealed in *The Paradigm* is so shocking that it even speaks of events before they happen," Cahn continues. "*The*

Paradigm names names and gives specific details, revealing a stunning secret behind the actions of the governments of recent years—involving the highest realms of American government and the events that have touched the lives of every American—and most of the world.”

With that said, have we all been part of this paradigm’s replaying?

Cahn addresses the acceleration and deepening of America that we are witnessing every day, citing cultural shifts on topics such as sexuality and identity. He reveals how gender confusion is as distinctive of the modern apostasy as it was of the ancient apostasy and explains how our society and the ancient kingdom both stand on dangerous ground beneath the shadow of God’s judgement. He identifies contemporary politicians who share alarmingly similar attributes with biblical leaders who stood at the forefront of culture wars—wars that are much like the ones we experience today.

Each of these parallels holds a mystery that has determined our world as we know it and will forecast our future with shocking accuracy, proving just how intricate God’s plans are. Cahn exposes Western civilization’s metamorphosis of values, morality, culture, society and nations, and how that transformation has impacted and is still impacting the entire world.

“*The Paradigm* not only reveals the big picture of what is now taking place in our day but opens up a stunning revelation—that an ancient blueprint reveals the precise details of what we are now witnessing—specific world leaders, specific national and world events—even giving the specific timing of when these events had to take place. It even revealed the date of 9/11 years (if not ages) before it took place.

“*The Paradigm*, which was released in September and debuted in

the top 5 of the *New York Times* and *Wall Street Journal* book charts, reveals a newly uncovered master blueprint and ancient template that foretells many events of modern history. *The Paradigm* also removes the veil behind the leaders, governments, events and scandals of modern times.
