

Jonathan Cahn: Paris Attacks Part of Latest Harbinger

The Western nations have been “racing away from God,” Rabbi Jonathan Cahn says, and as a result, our enemies are getting stronger.

Look at Paris. Look at San Bernardino. Look at the people of Israel described in the Bible and the consequences of their apostasy.

“The principle is clear. When a nation turns away from God, its enemies begin to rise,” Cahn tells Jim Bakker.

Cahn says believers are seeing biblical prophecies happening right now. “It’s not just prophecy anymore,” he says. “It’s here.”
