

Jonathan Cahn Reveals in Colossal Bestseller 'The Oracle' That an Amazing Mystery Pinpoints When World Events Will Take Place—Down to Exact Date

Is it possible there exists an ancient mystery that lies behind the events of modern times? And is it possible that such a mystery could foretell or determine the timing of those events down to the exact day they will take place?

In his new, mega-hit *The Oracle: The Jubilean Mysteries Unveiled*, *New York Times*' bestselling author Jonathan Cahn reveals an amazing, uncanny and eerily precise mystery that pinpoints the timing of world events.

Readers and reviewers alike can't stop talking about *The Oracle*, which promises to reveal the "mystery of the ages"—and of Donald Trump, the White House and more. Cahn also opens up ancient mysteries that lie behind the current events and leaders of modern times.

One of the mysteries revealed in *The Oracle* concerns what many see as the harbinger of the "end times," the fulfillment of biblical prophecy—the rebirth of Israel. In a mystery that goes back to the end of the 19th century, Cahn reveals a prophecy given concerning that event. The prophecy reveals an exact period of time by which the event must take place—50 years from its giving. And 50 years later, Israel was voted into existence by the United Nations. But the mystery goes deeper.

For *The Oracle*, Cahn also examined the document by which Israel came into existence.

“On the document is a date—the same exact date on which the prophecy of the event was given—50 years to the exact time, month, week and day!” Cahn says.

Another central event of modern times and biblical prophecy was Israel’s return to Jerusalem during the Six-Day War. In a chapter of *The Oracle* called “The Masada Algorithm,” Cahn reveals a mystery that goes back to the first century and the desert mountain fortress of Masada.

“It was there that the Jewish nation made its last stand against Rome, and there that the ancient nation met its end,” says Cahn.

The author began with the exact day the nation of Israel returned to Masada, then added the days linked to Masada’s fall in ancient times to see where it would lead. And this led to a specific date: June 7, 1967—the exact day the nation of Israel entered the gates of its long-lost city, Jerusalem. Again, the mystery led to the exact year, month, week and day when a significant world event took place.

“Closer to our own time is a mystery that concerns the current president, Donald Trump,” Cahn says. “In the chapter titled ‘The 70-Year Mystery,’ we see a mystery that goes back 2,500 years to the Persian king Cyrus, who was famous for issuing a declaration that restored the Jewish people to the land and specifically recognized Jerusalem as the capital city. The first world ruler since Cyrus to issue a declaration recognizing Jerusalem is Donald Trump. Could the mystery determine when this declaration would go forth?”

In *The Oracle*, Cahn further shows that the exact Hebrew day pivotal in the rebirth of Israel, when added to the years indicated in the Bible concerning Cyrus’ declaration, leads to a specific date: Dec. 6, 2017. On this date, President Trump

entered the White House reception room and, before the world, issued the Jerusalem Declaration—exactly as the Scriptures and the mystery had determined, to the exact day.

“Did Donald Trump know he was fulfilling prophecy when he made this declaration?” Cahn asks. “No, but it shows that God is on the throne and God is amazing.”

Several weeks after release, the most recent rankings for *The Oracle* include: No. 6, *Publishers Weekly* and No. 9, *The New York Times*.

Though what’s revealed in *The Oracle* is real, as with Cahn’s other bestsellers, *The Harbinger* and *The Book of Mysteries*, everything is explained through a narrative as Cahn takes readers on a journey to find the man called “the Oracle.” One by one, each of the Jubilean mysteries is revealed through the giving of a vision to a traveler. *The Oracle* uncovers the mysteries of “The Stranger,” “The Lost City,” “The Land of Seven Wells,” “The Birds,” “The Number of the End,” “The Man in the Black Robe,” “The Prophet’s Song,” “The Man with the Measuring Line,” “The Matrix of Years,” “The Day of the Lions,” “The Awakening of the Dragon” and many more.

Throughout *The Oracle*, the reader is taken on a journey of angels and prophetic revelations waiting to be discovered behind each of the seven doors—the ancient secrets that lie behind the world-changing events of modern times—and events that are yet to come. {eoa}
