

Jonathan Cahn to Release Most Explosive Book Yet on Sept. 6, 2022

Is it possible that behind what is taking place in America and the world lies a mystery that goes back to the gods of the ancient world—and that they now have returned?

New York Times bestselling author Jonathan Cahn has dedicated his life to uncovering the ancient mysteries found in biblical texts, first with his critically acclaimed book *The Harbinger* and recently with his blockbuster feature film, *The Harbingers of Things to Come*. Now, Cahn is back with his most explosive work to date—*The Return of the Gods*. The new book will be available on Sept. 6, 2022.

While Cahn is known for revealing the stunning mysteries, many from ancient times, that lie behind and are playing out in the events of modern times, *The Return of the Gods* takes this to an entirely new level and dimension. In the book, Cahn takes readers on a journey from an ancient parable, to the ancient inscriptions in Sumer, Assyria and Babylonia that become the puzzle pieces behind what is taking place in the world to this day, specifically in America.

Cahn stated, “*The Return of the Gods* will broach that which is deemed unbroachable, speak that which is judged as unspeakable, question the unquestionable and reveal that which has not yet been revealed. It will address the most radical and controversial issues of our time, the front lines of cultural upheaval, the catalytic forces that are now transforming society, civilization, history and life as these have been known. As it progresses, the mystery will become more intense and more explosive. Thus, the latter part of the revelation will be even more so than the first.”

In the book, Cahn addresses the answers to questions such as: Who are the ancient gods? What are they? And is it possible that these beings, whose origins are from ancient times, are the unseen catalysts of modern culture?

Is it possible that these gods lie behind the most pivotal events, forces and movements taking place in our nation and around the world at this very moment? Are the gods at this very moment transforming our culture, our children, our lives and America itself?

What is the dark trinity? Is it possible that what we in the modern world take as nothing more than ancient mythology could actually possess a reality beyond our fathoming?

The Return of the Gods promises to take readers on a fascinating, unforgettable and mind-blowing journey that will leave them stunned and with the ability to see the world as they never have before.

The Return of the Gods will be available on Sept. 6, 2022.
