

Jonathan Cahn: Why You Can Live Triumphantly in These Perilous End Times

Jonathan Cahn watches the news, and he's well aware of the vicious attacks on God's people in these end times. Yet Cahn also knows the eventual outcome, and he wants believers to know how they can live confidently in Christ in the face of today's ungodly culture.

In his new book, *The Oracle*, Cahn reveals that, because the world is returning to its pagan roots, the church must also return to its roots as chronicled in the book of Acts. For the believer, he says, the mysteries surrounding the future will be glorious.

"When these mysteries are revealed, people are going to be blown away," Cahn says. "People are going to see how incredibly real God is in their life, and that nothing in the world is so out of control. They are on the winning side. God is amazingly awesome, and He has an inheritance for you and a redemption for you that is yet to come. ...

"God is the God of restoration, and He's the God of bringing you to greater things. You can go through your life with confidence and power. The world is returning to where it was before with its anti-Christian values, and so must the church return to where it was at the beginning. ...

"And all these mysteries of return are leading up to one return. There is one last Jubilee and return, and that is the Jubilee return of the Messiah. All these mysteries are leading up to that return."
