

Kaleidoscope

 By Patsy Clairmont | Thomas Nelson

Popular author and Women of Faith speaker Patsy Clairmont takes a lighthearted look at the Christian life in *Kaleidoscope: Seeing God's Wit and Wisdom in a Whole New Light*. In 33 chapters—with such titles as “The Tube of Mirrors,” “Barnyard Wisdom,” “Stretchmarks” and “Sewing Kit for the Heart”—she delves into everyday issues for busy women.

In a style that is totally Clairmont, the author mines the book of Proverbs and discovers the wisdom she believes God has for women today. She addresses topics aiming to reveal truth in relationships, everyday lives and health. Although humor is found on every page, there is also insight, prayerful advice and deep scriptural knowledge.

Kaleidoscope could be used as a devotional, but would also be enjoyable for use in women's meetings or casual reading. For women who would better understand the Christian life and enjoy a personal relationship with their heavenly Father, this book is an excellent read.
