

Katie Souza: Defeat the Spirit of Death and Supernaturally Restore Your Youth

With a ministry of helping to restore wounded souls, Katie Souza isn't surprised Satan sent the angel of death to kill her. He didn't want Souza on the front lines because he knew of the damage she would do to his evil plan for the world.

But with God's grace, Souza has overcome the enemy, and Katie Souza Ministries continues to thrive. Her newest book, *Be Revived: Defeat the Spirit of Death with the Power of Life*, will help you walk in God's promises of long-lasting health and supernaturally restore your youth.

Souza survived the enemy's assault and is now teaching others how to equip themselves to defeat him.

"I had a visitation from death himself who came in on assignment to kill me," Souza told Dr. Steve Greene on a recent episode of *Greenelines* on the Charisma Podcast Network. "Once he came in, he came in, he went after the ministry. He took out many of our financial pipelines. He took out four of my top employees. He killed four people very close to me and attacked my body physically.

"I immediately went into menopause. I gained all kinds of belly fat and my skin began to sag. I started to see rapid aging. My hair went crazy and dry. It seemed like I gained 10 years practically overnight.

"That's when the Lord began to lead me into this word about restored youth and about defeating death. The Bible is full of promises of restored youth, but very few people are actually

walking in them in their fullness. ... When we break God's laws, which we do every day ... it gives Satan and the spirit of death the right to bear fruit in our bodily organs.

"So, I began to say, well God, what can we do about that? You first need to know that Jesus defeated death on your behalf. I began to read about Jesus even more and how He would say, 'I am the living bread. I am the light which is life, and I came to bring abundance to life.' The Bible says grace trumps law. And so, I realized that a lot of people are abusing grace."
