

Labou

 MGM Home Entertainment | Rated G

Friends Gavin, Emily and “Toddster” set out to find the ghost of Captain LeRouge, whose treasure-filled ship sunk more than 200 years ago. But the kids’ journey turns into the adventure of a lifetime when they find the magical swamp creature Labou, whose whistle is said to have inspired jazz music. With his help, the trio is trying to get away from two oil tycoons who are determined to build an oil rig in the swamplands. Can the friends find the sunken treasure and save the swamps before time runs out?

This 95-minute film has received the Dove Foundation seal of approval. Bonus features include commentary, special effects and information about New Orleans.
