

Larry Tomczak: I'll Not Be a Useful Idiot. Will You?

The past two years living under radicalized, extremist “progressive” policies have caused untold suffering for the citizens of this nation. Simply put, we have been betrayed.

President Joe Biden may not be around for the coming catastrophic consequences, but Americans must wake up by refusing to be useful idiots anymore! The Bible offers hope to transform us: “An idiot will become intelligent” (Job 11:12, NASB) if we go God’s way.

Useful Idiots?

Leftist leaning leaders have advanced their agenda destroying traditional America because they lack a moral code and take advantage of the “useful idiot” tactic employed in other countries to manipulate the masses.

The term “useful idiot” is used to describe someone perceived as lacking discernment and being used to advance the agenda of a political movement. It also refers to a person propagandizing for a cause originating from a devious, ruthless source.

White House Press Secretary Karine Jean Pierre told us recently that “illegal immigration came down by more than 90% under the Biden Administration.” When correspondent Peter Doocy asked her where she got that statistic, she became antagonistic and cut him off.

She also told us America has had “over 200 mass shootings in 128 days; over 14,000 have died and Republicans refuse to address the number one killer of kids in America!” The Associated Press countered with, “There have been 22 mass shootings and 115 people have died.”

KJP is a “useful idiot” and expects us to be like her in passing propaganda along to others, believing as fact what is falsehood.

As they loosen more policies to expand the invasion of illegal immigrants into our nation, we discovered that the maniacal killer of five individuals (including a little child) outside Houston was another illegal alien (Honduran) who had been deported four times yet freely entered our country under “open borders” lawlessness that has brought 7 million illegal immigrants into America since Biden came into office.

Whether it’s our economic collapse; border chaos; aggressive promotion of the LGBTQ agenda; transgender trickery and surgical abuse of our children; unrestricted abortion on demand till birth; or out of control spending ...”enough is enough!”

3 Reasons to Block Biden Running Again

1. Biden is a pretender. Joe is confused, yet convinced he’s doing a great job. He’s disconnected from reality. Perceptive people and our enemies know he’s weak and wobbly, cognitively impaired, carrying out his role more like an aging monarch than a leader addressing our vexing problems.

He gives scripted speeches. He’s treated as royalty by the press which covers for him because they’re invested in his tenure. He rarely engages in interviews. He makes social appearances as a dignitary supported by handlers propping him up and covering for his many blunders and bumbling ways.

He practices for his teleprompter reading to sound official (wearing his bomber jacket and aviator sunglasses like Tom Cruise’s Maverick), but when he regularly says embarrassing things, he doesn’t mentally catch himself. Recently, as “Mr. Uniter,” he gave the commencement address to black graduates at Howard University, telling them angrily that white supremacy is the number one problem in America. What’s he

talking about?

2. He's a pro-abortionist. Biden professes to be a devoted Roman Catholic. His religion, aligning with Scripture, prohibits killing an unborn baby in the womb. Our Christian duty is to see all life as sacred and defend it from womb to tomb.

Joe promotes taxpayer-funded abortion on demand for any reason at any time until the minute of birth! He aggressively advocates a federal law to guarantee abortion in total defiance of the Supreme Court decision reversing Roe v. Wade.

Joe is passionate to protect children, "stop gun violence and the killing of our children." Catholic saint Mother Teresa stated, "The greatest destroyer of peace today is abortion because it is a war against the child—a direct killing of the innocent child."

God declares, "If you refrain to deliver [rescue] those who are drawn unto death, and those who are ready to be slain; if you say, 'Surely, we did not know this,' does not He who ponders the heart consider it?" (Prov. 24:11-12).

3. He's a purveyor of perversion. Jean Pierre just carried out something unprecedented at the White House. She honored Joe for promoting LGBTQ activism as she hailed "Lesbian Visibility Week." She highlighted her own "queer lifestyle", praising the lesbians flanking her, extoling the beauty and battles of LGBTQ people while paying tribute to how they set the example for young people in America today.

Biden brazenly has promoted areas the Bible deems sexual perversion. Whether he's fully cognizant of what's going on or not, he gives approval to it all and has stocked his cabinet and high-level positions with gays, lesbians, transgenders and their organizations like no other president in history.

Joe and Jill actively stand for sexual education that teaches

children the LGBTQ agenda and risky sexual behavior. Joe pushes legislation that will coerce schools to either yield to transgender policy in sports, restrooms and changing rooms or forfeit federal funding (Title IX). He publicly states that “it’s almost sinful” for any parent or guardian to stand in the way of a minor getting gender mutilation surgery while his wife, Jill, says no books should be banned in schools.

As a professing “Christian,” Biden knows the sacred Scripture and Roman Catholic dogma reveals marriage is between one man and one woman; there are two genders—male and female; and parents—not the government—have the primary responsibility to train their children according to their values, not LGBTQ propaganda.

The Bible throughout condemns sexual perversion and lays out chilling consequences for those who practice what today is called “gay.” Romans 1:18-32 describes in no uncertain terms the debauchery characteristic of the ancient pagan world.

The definition of the verb “pervert” is “leading someone away from what is considered right, natural or acceptable.” In our “woke” society where deceived and broken people “parade their sin as Sodom; they hide it not” (Isa.3:9) in month-long celebrations and everyday life, it’s tragic that the leader of the free world is the baton-master at the front of the parade.

Here’s the Deal: We refuse to listen to and let this man use us as useful idiots. As election season gets underway, may we awaken, pray and engage to see a turnaround in America before it’s too late. (Go to to watch 30 5-min. videos on today’s hot button topics FREE). {eoa}
