

Larry Tomczak's Week in Review: Does Biden Have Dementia, and Does He Deserve Reelection?

The just-released classified documents, report and investigation of Joe Biden are a nightmare for the man in the Oval Office. Are you paying attention to what's happening, and do you realize that it exposes this man as incapable of carrying out the presidential role, as we've known for years? His cognitive decline is worsening and on full display for all the world to witness.

Biden is a "well-meaning, elderly man with a poor memory." Those eight words say it all and explain why they won't prosecute for his criminal activity jeopardizing national security and violating the United States Espionage Act.

This is a must-watch video and should be shared with all in your sphere who care about the future of our nation and those entrusted with the presidency.{eo}
