

Levite Praise

✖ By Cheryl Wilson-Bridges | Creation House | hardcover | 192 pages | \$

Praise and worship is a major component of church services all over the world. Many would be in agreement over its importance, but few would agree on how to approach it. Cheryl Wilson-Bridges helps solve the mystery and offers a biblical perspective in her new book, *Levite Praise*. Wilson-Bridges, minister of music at the Community Praise Center in Alexandria, Va., explores Scripture to answer three important questions: 1) What does God desire? 2) What does God require? 3) How should we aspire?

The author, who received a master's in practical theology and worship and a doctorate in strategic leadership from Regent University, offers this practical resource for anyone who is involved in music ministry or who enjoys praise and worship. She says, "When readers take the time to dig deep and digest the principles and premises in each chapter of *Levite Praise*, I believe they will find knowledge unfolding that will enrich personal and corporate worship experiences."
