

Love Is a Verb

📖 By Gary Chapman | Bethany House | hardcover | 224 pages | \$

In his new book, Gary Chapman reminds us that love is more than a feeling. It is something we do. This best-selling author offers a moving collection of personal stories that demonstrate how powerful and transforming love can be when we put it into action.

Readers will be inspired by the family that lavishly cares for a homeless man whose life is changed by their love and generosity. Husbands and wives will be encouraged by the couples that made the hard decision to love in order to see the good.

Parents will gain new understanding as a mother tells how she learned to love her special-needs child unconditionally. Families will have hope to believe that love makes healing and reconciliation possible. These stories and more are proof that love truly never fails.

Chapman summarizes the key elements of each story so readers will be able to apply the lessons to their own lives and relationships. These real-life examples remind us that the greatest gift is love. It means we have to pay attention to those around us, to be willing to make sacrifices and to actually do something. But the rewards for choosing to love are immeasurable—for those receiving love and for those giving love.
