Loving God With all Your Mind

Elizabeth George

Harvest house

Based on her life message, Elizabeth George teaches that loving God with all your mind involves *acting* upon that love. In six 25-minute sessions, George focuses on six key passages of Scripture that will help viewers learn how to handle their emotions by focusing on the truth about God, grasp His purpose for life and find inner peace in all circumstances. The concepts are reinforced in the companion workbook, which will help women integrate the principles into their lives.
