

March for Life Unveils the 'Pro-Life/Pro-Woman' Theme America Needs Right Now

The March for Life organization last week announced a strong, decisive and life-affirming theme for 2020: "Life Empowers: Pro-Life is Pro-Woman."

Those words could not be more true, says author and national radio host Dr. Michael Brown, especially in the face of a militant pro-abortion agenda that wants women to "shout your abortion."

According to The Daily Caller, activists met Tuesday in Washington, D.C., to unveil the March for Life 2020 theme, when March for Life President Jeanne Mancini said, "We've come a long way from 'safe, legal, and rare' to 'shout your abortion.' We know this message about women and abortion is both deceptive and hurtful."

In his new and popular book, *Jezebel's War with America: The Plot to Destroy Our Country and What We Can Do to Turn the Tide*, Brown says that the spirit of Queen Jezebel, an incredibly evil and demonically controlled woman from the Bible, is still operating in America today and is evident through this death-culture agenda.

"For the pro-abortion camp," Brown said, "abortion is no big deal at all. In the foreword to a book edited by her Shout Your Abortion movement co-founder Amelia Bonow, Lindy West wrote, 'Abortion is normal. Abortion is common. Abortion is happening. Abortion is a necessary medical procedure. Abortion makes people's lives better. Abortion needs to be legal, safe and accessible to everyone. Abortion is a thing you can say out loud.'"

And how, Brown asks in his book, did Bonow explain this “necessary medical procedure” to two young girls in a “Kids Meet” video?

“You go to the doctor, and they put this little straw inside of your cervix, and then inside of your uterus, and then they just suck the pregnancy out. And it was like a crappy dentist appointment or something. It was just like ... ‘This is a body thing that’s kind of uncomfortable,’ but then it was over, and I felt really just grateful that I wasn’t pregnant anymore.”

“Yes, abortion is just another medical procedure, no different than removing a cancerous growth or getting an appendectomy or going to the dentist,” Brown said. “No big deal. Nothing to do with morality. Just like dealing with a bad appendix. Or a bad tooth. Get rid of that unnecessary thing and toss it away. Done! And Bonow wanted the kids to know that it’s ‘all part of God’s plan.’ Indeed, Bonow, West and their abortion-shouting colleagues want us to know that ‘Abortion is freedom ... Without abortion we are not free.’”

As Bonow further explains, “Abortion has been a normal part of reproductive life since the beginning of time. Why wouldn’t it be? It’s easy to get pregnant, it’s very difficult to raise a baby, and terminating a pregnancy is generally not risky or complicated.

“Abortion is an assault on life—the life of the unborn baby and the other,” Brown said. “March for Life is helping the nation see that pro-life is indeed pro-woman. Pro-death is not pro-woman. That is the untruth Jezebel’s evil spirit wants us to believe. This blatant lie is Jezebel at her finest. May God help us.”

Jezebel’s War with America focuses on the fact that the spirit of the biblical figure Jezebel is at work today, through a fascination with witchcraft and sorcery, radical feminism coupled with the extreme pro-abortion movement, along with

other spiritual and cultural forces in an attempt to destroy America. Brown's eye-opening book not only unveils a satanic plot, beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation. {eoa}
