

Marilyn Hickey Says God Has Great Plans for You in 2021

The year 2020 was one filled with uncertainty, but it was also a year of great opportunity. In February, Marilyn traveled to Bangladesh, the poorest country in the world. At a healing meeting with 30,000, she prayed for the sick and saw 18,000 people get saved. While there, she also held a youth conference and ministry training school. Sarah also had a productive year, writing two books and starting a ministry. She learned that God has cures for quarantine. In these challenging times, we don't have to look down—we can look up and believe God to do wonderful things. Make great and mighty plans for 2021!

God never creates anything without purpose, and you are not an accident. Today, people are frustrated, suicidal and unfilled because of a lack of purpose. But when you are busy with God's purposes, you will be fulfilled and satisfied. Guillermo Maldonado's book, *Created for Purpose*, explains that we must be anointed to fulfill our purpose in life and be supernaturally empowered with divine ability to do the impossible. God has ordained for you to live in time and have seasons while on Earth. But you will not enter your season—a time of supernatural favor—without knowing God's purpose for your life.

During stressful times, it's important to put the Word of God into our minds, and properly care for our bodies. Dr. Bob DeMaria joins Marilyn and Sarah to share wisdom on how to safeguard our health. By making good choices in your daily diet and avoiding sugar, you can improve your health: spirit, soul and body. Dr. Bob's books *Guide to Optimal Health* and *1 Minute a Day to a Healthier You* will teach you what foods to avoid and how a proper diet can create optimal mental, physical and emotional health. {eoa}
