

# Marilyn Hickey: We Are in a Resurgence of a New Jesus Movement

The main thing about the Holy Spirit is that He makes Jesus real! In his book, *Holy Spirit: The One Who Makes Jesus Real*, Michael Koulianos explains that today we're in a resurgence of a new Jesus movement, and everyone is being called to carry the power of Scripture. Experiencing the Holy Spirit will birth a fire for more of Jesus. Michael encourages people to cultivate fellowship with the Holy Spirit because without Him, you cannot encounter Jesus. The greatest miracle is in giving your life to Jesus, and when the Holy Spirit is real, miracles happen in your life.

Jennifer Eivaz gave her life to Jesus as a college freshman and has been living for Him ever since. Despite her faith, she had fears associated with her decision. To overcome that, Jennifer prayed, "Holy Spirit, teach me how to be your friend." Those lessons taught her to be a glory carrier who has a vibrant relationship with the Holy Spirit. Her book, *Glory Carriers*, shows how you can enter into more intimate fellowship with the Spirit of God and experience miraculous encounters. You'll learn how to step into the supernatural and follow God's leading—and carry His glory to the darkest places and see His kingdom come.

Have you ever found yourself wanting something more? More purpose in your life? Resurrection power? More energy and answers? Jesus has a special invitation for you today. He has more for you. Jesus told Peter he would be a fisher of men, and that's when He gave Peter, James and John new purpose. If you get close to Him, Jesus can speak to your purpose, too. In Luke 8:51-56, Jesus resurrected a little girl, which was a seemingly impossible situation. Jesus can come into your life,

too, and breath life and resurrection into your situation. Even when our priorities are out of balance, Jesus can step in to resurrect what seemed dormant. {eoa}
