

Militant Abortionists and the Coming Civil War

With fights already gearing up against two heartbeat laws that protect unborn babies as early as six weeks into pregnancy, Dr. Michael L. Brown says the same evil spirit of a biblical figure is permeating American and materializing in the blatant disregard for anything of God, such as the sanctity of life. As evidence, Brown says, there has been a recent uptick of physical attacks on peaceful pro-lifers. (See [here](#) and [here](#) and [here](#) for examples.)

That biblical figure is Jezebel, and even though many may not know who she was, they know the persona her name conjures.

Brown's soon-to-be-released book, *Jezebel's War with America: The Plot to Destroy Our Country and What We Can Do to Turn the Tide*, delves into the life of "the most wicked woman in the Word of God" and how her demonic spirit is not only alive today, but waging a war against America, the American Church and American leadership—including President Donald Trump.

"A civil war is coming to America, only this time, it will be abortion, rather than slavery, that divides the nation," Brown said. "And while I hope with all my heart that it will not be a physically violent war, the ideological conflict will certainly be violent and intense."

In *Jezebel's War with America*, Brown also explains how the forces of radical feminism come together with the extreme pro-abortion movement, among other spiritual and cultural forces, in an attempt to destroy America.

"Trump's presidency, for better or worse, has mobilized millions of pro-abortion, anti-male feminists who rage in the streets, calling for his death and literally pounding on the doors of congressional buildings in protest of his pro-life

court appointees,” Brown writes. “The battle is being waged, and Jezebel, in a sense, is back from the dead. Or perhaps the spirit of Jezebel never went away.”

As an example, Brown points to the response to the passing of Alabama’s pro-life bill and other states’ heartbeat bills from the militant abortionists. As expected, the reaction from the left has been fierce and intense:

“Women’s rights are under attack. This relentless and cruel Republican assault on women’s health is designed to force a court battle to destroy Roe v. Wade. Democrats will be ready to defend health care and women’s reproductive freedom.” –Rep. Nancy Pelosi

The reaction from Hollywood echoed the sentiments of Washington:

“There have been nearly 30 bans on abortion introduced, passed, or signed into law in statehouses around the country this year alone. This is Trump’s anti-choice agenda and part of the GOP’s war on women.” –Actress Alyssa Milano

“This only ends with impeachment—and people in the streets.” –Actor John Cusack

“Do we need this spelled out any more clearly?” Brown asks. “We are being told that those who stand for Roe v. Wade will fight like [crazy], that there will be people in the streets, that this is a battle, a war. We dare not miss the meaning.”

Brown’s eye-opening book not only unveils the satanic plot to destroy America, beginning with an all-out assault on the church, but it will equip every believer with tools to defeat the enemy in their own personal lives as well as in the nation.

For example, *Jezebel’s War with America* reveals how the spirit of Jezebel is at work in the 21st century through sexual

immorality, abortion, radical feminism and even the fascination with witchcraft and sorcery, and equips readers to defeat the spirit of Jezebel on a personal and national level.
