Greg Locke Takes on the Challenge to Read the Bible in a Month

Wouldn't it be nice to see more people fully committed to reading the Bible with great intentionality?

At Global Vision Bible Church, Pastor Greg Locke and his congregation have decided to do what many would consider the unthinkable: reading the Bible in a month. After Locke took his own time to read the Bible in a month, the entire Global Vision Bible Church community is now taking on the task of doing the same. Whether it means spending less time watching TV, looking at social media or giving up other free time activities, this challenge is replenishing the spirits of the entire congregation.

While deliverance ministry will always be a core tenet of Global Vision, knowing God through His Word is the foundation for every good work that the Holy Spirit wants to do with His people. This key isn't just for those at one set church or for one denomination; it's for all Christians and is needed for growing and maturing in their relationship with Christ.

Taylor Swift may be wondering about her “reputation” after “Sound of Freedom” beat her Eras Tour film for the number 10 spot of 2023.

“Sound of Freedom” shocked many as it became the breakthrough summer blockbuster. While many in the media tried to conjure up theories about why the film was doing so well, including by labeling it as a QAnon conspiracy movie, the Angel Studios film reached the number 10 top spot for highest-grossing movies of the year.

As The Christian Post reported, “Sound of Freedom” brought in more than \$184 million in ticket sales. Swift’s ‘Taylor Swift: The Eras Tour’ brought in \$179.6 million in movie sales.
