

Morning Rundown: Has Hollywood's Satanic Activity Been Exposed?

Here's a quick rundown of the top stories on :

Has Hollywood's Satanic Activity Been Exposed?

For years people have wondered if Bohemian Grove is real, and if it is, what happens there and are there actual initiation ceremonies that take place?

After last night's Oscars where celebrities applauded one another for their work in the film industry and others made remarks in support of Gaza during the Israel-Hamas war, Hollywood is flooding the web and social media. Even when John Cena ran on stage without clothes, some wondered if this could be a Bohemian Grove initiation practice. So, what if there's something more to what is happening behind-the-scenes with some of the world's most elite people?

In a reaction video, Ruslan KD shared Alex Jones' footage from The Bohemian Club, which documented strange ceremonial practices that reflected Satanism.

Larry Tomczak's Week in Review: Prophetic Leaders Gather From Across America: Hottest Issues, Heaven's Answers

In the book of Revelation, God issued this invitation, "Come up here and I will show you what must take place after this" (Rev.4:1b, NIV). He is issuing that same invite to all of us, as we are rapidly approaching the end of the age.

For over three decades, prophetic leaders from across America

have come together in Fort Mill, South Carolina, at what was once Heritage Village USA, for a forum to pray and seek God for wisdom in the midst of what's going down in our generation. And the need has never been more critical.

For three days, senior leaders, representing hundreds of thousands in the body of Christ, assembled to engage in an exercise that enables us to keep step with the Spirit in our generation.

Israeli Researchers Use Cosmic Waves to Uncover Hidden Formations and Artifacts Beneath Temple Mount

A team of Tel Aviv University physicists and archaeologists succeeded in jamming a large device into an underground cavern outside of the Old City of Jerusalem in 2023.

With the help of ropes and pulleys, the researchers lowered the large device—made up of layers of metal components linked together by tangled wires, tubes, ribbons and clamps—into the cavern.

It was probably the last thing that anyone would expect to find in such a place, as it resembled a time machine that had been deposited 3,000 years ago.
