Kim Clement's Stunning September Prophecy: 'The Tide Is Turning'

In an Aug. 30, 2014 prophecy, Kim Clement prophesied about a September where a tide would be turning which would greatly affect Israel.

"Listen to the Word of the Lord. What do I have planned for September? What about Israel? What I'm about to tell you, says the Spirit, is not only for the land of Israel and the people of Israel, but this is for you, says the Lord," Clement prophesied. "The tide is turning for Israel. The tide is turning for you."

Clement's prophecy further talked about something peculiar coming as we move into autumn where a great fall would take place. This goes right back to Clement's prophecy about a "Strange July" and a "Hypnotic November" where he prophesied, "Is it that possibly the Spirit of God will cause many to fall in the fall?"

Joseph Z Exposes the Dark Side of Modern Prophecy

In the dynamic world of modern Christian ministry, prophecy remains one of the most powerful yet misunderstood spiritual gifts. To shed light on the true nature and purpose of

prophecy, international prophetic voice Joseph Z recently joined Joni Lamb and her co-hosts on an episode of Table Talk on the Daystar Network. As the founder of Z Ministries and author of “Demystifying the Prophetic: Understanding the Voice of God for the Coming Days of Fire,” Z offers crucial insights on navigating the complexities and dangers within the prophetic landscape today.

Joseph Z explains this by distinguishing between the gift of prophecy, which he says is “available to all believers,” and the office of a prophet, a unique calling that carries specific responsibilities. “The gift of prophecy is for edification, exhortation and comfort,” he explains, referring to 1 Corinthians 14:3, “but the office of a prophet is governmental. It’s for equipping and building up the body of Christ.”

However, he warns of the dangers of what he calls “prophetic witchcraft,” a practice where individuals misuse the prophetic gift for manipulation or personal gain. “Prophetic witchcraft occurs when people twist the words of God to control others,” Z says. He adds that this behavior can deceive believers and lead them away from the truth. “People begin to rely on prophets more than they rely on Jesus or the Bible, and that’s a problem.”
