Perry Stone: America and the Dragon with 7 Heads

The book of Revelation describes a fiery red dragon with seven heads and 10 horns whose tail sweeps a third of the stars out of the sky and flung them to earth. The pictures describe Satan who was hurled from heaven to earth with some of the angels who had been fighting with him.

Evangelist Perry Stone sat down with Charisma magazine to talk about the seven-headed dragon, which he says is actually translated into a seven-headed serpent, and its influence on American culture as we know it today.

How Lonnie Frisbee Became the Catalyst for the Jesus Movement

There has been a resurgence of interest in evangelist Lonnie Frisbee. With the release of Greg Laurie's powerful movie, Jesus Revolution, more people are asking about Lonnie.

It was apparent that Lonnie was the main catalyst of the Jesus Movement. Although the movie captured a small portion of Lonnie's story, what was seen on-screen was a small paraphrase of the life of a man I have studied over the years.

After reading two of Lonnie's books compiled by Roger Sachs who transcribed the evangelist's words onto the printed page, my oldest son and I had the pleasure of meeting Roger at The Send Orlando in 2019. I'd asked him a few questions and he prayed, laying hands and prophesying over us. I then anxiously awaited the release of the third book in the series and when I received it I honestly wept before the Lord. I highly

recommend that you read them in their entirety to get more insight into the Jesus Movement and what God did afterward until Lonnie's untimely death.

New Biblical Film Labeled a Cross Between 'The Chosen' and 'The Passion of the Christ'

When early viewers refer to an upcoming Christian film as "The Passion of the Christ" meets "The Chosen," there's little doubt the movie will be a good one.

But there is another reason why "His Only Son," an Angel Studios film that releases on March 31st just in time for Resurrection Sunday, is expected to make an impact on our culture.

The movie, which bills itself as a "biblically accurate" and authentic film based on the story of Abraham and Isaac, and one that took five years in to make, is breaking records for its successful crowdfunding model, Fox News Digital has reported.
