

New Effort Launched to Push Judge Gorsuch's Confirmation Across the Finish Line

A new effort has been launched to help pull Judge Neil Gorsuch's Senate confirmation across the finish line—and you just might recognize the “face” of the new campaign.

American Legacy Center, a 501(c)(4) grassroots political non-profit, has released a new video featuring *Duck Commander* Phil Robertson urging conservatives to contact their senators and tell them to vote in favor of President Donald Trump's Supreme Court nominee. Robertson has replaced Secretary of Housing & Urban Development Dr. Ben Carson as chairman of the ALC's “Fight for the Court” efforts.

See the video above. As of this writing, it already has nearly 250,000 views.

“The fight to put a strict Constitutionalist on the Supreme Court is here,” Robertson said. “The radical left is out to destroy Neil Gorsuch, so those of us who believe in godly values and the Constitution must step up.”
