

# New Motion Picture Set to Release May 12, 19 Reveals Why 2020 Is Prophesied Year of 'America's Shaking'

Few could have predicted the turmoil 2020 would rain down on America: a pandemic that would confine citizens to their homes and shutter businesses and houses of worship, killings that would ignite nightly protests and the desecration of historic landmarks, the death of a Supreme Court justice and hostilities of a contentious election, and wildfires that would torch thousands of acres. But bestselling author Jonathan Cahn—by consulting ancient prophecies—foresaw these shakings of America and unlocked their mysteries in his lauded *Harbinger* series.

Since the release of *The Harbinger II: The Return* in 2020, author Jonathan Cahn has been holding back the keys to a web of mysteries soon to be unlocked in his riveting feature motion picture, *The Harbingers of Things to Come*. This film, based on Jonathan Cahn's bestselling and brilliant successes with *The Harbinger* book series, reveals the ancient mysteries that lie behind what is happening in America and the world today—and in the future.

Cahn calls 2020 a year of shaking, explaining, "Seven years after 9/11 came the shaking of the American and world economy. But there isn't to be only one shaking. There will come others, other calamities, greater than the first. When we first spoke of these things, I was asked what form the shakings and calamities would take.

"[In ancient Israel,] it was 19 years after Babylon's first invasion of the land that the judgment fell ... 19 years after

the initial invasion of the land that destruction came. Nineteen years ... the time span of judgment," Cahn states.

"Nineteen years from 9/11, from 2001, the first shaking, comes out to 2020, the year of shaking, the year that the plague came to America, the year of the coronavirus ... the year of disorder, of collapse, the year of greater shakings," he continues.

These shakings, foretold over 2,000 years prior, are just to beginning of the ancient mystery Cahn unravels in *The Harbingers of Things to Come*. In theaters across America on Thursday, May 12, and now Thursday, May 19, 2022, Cahn takes audiences on an epic journey from the shores of New England to the steps of the Supreme Court, from a boat on the Hudson River to the pedestal of the Statue of Liberty, to explore the ancient mystery behind the event shaking America and the world.
