

# NY2LA

Press Play | Universal Music/Dream Center Records

Press Play has a mission to create music that will “help change lives with a positive and relevant voice, while raising proceeds for those in need.” The band accomplishes its musical mission with 12 high-energy songs on its sophomore project NY2LA. But they also fulfil their goal of helping those in need-100 percent of the proceeds from this album will go to Dream Center causes nationwide.

The single “NY2LA” challenges everyone to make a difference-something the Dream Center knows how to do, serving more than 40,000 people each week in the Los Angeles area. But “NY2LA” isn’t just a song-there are dance moves to go along with it. Fans across the country performed the dance for the music video. Check out the video of “NY2LA,” get moving and make a difference.
