

One of the Best-Kept—And Most Spiritually Dangerous—Secrets in the Medical Field

Note: The following op-ed expresses opinions not necessarily shared by Charisma Media and its owners.

Have you heard of the coming microneedle patch COVID vaccine? How about the invisible-to-the-naked-eye quantum dot tattoo mark to be placed on the body at the same time and location as the microneedle patch?

The Velcro-looking microneedle patch is a painless way to deliver vaccines and also provides a way to store vaccine records (as well as personal data) on the body, thereby digitally proving the vaccine compliance. That proof will be necessary to “participate in society” (code for buy and sell).

Unlike the hypodermic needle, this little patch—which may look like a Band-Aid—can easily be self-administered and placed on the forehead, as well as on the right hand. (By the way, when the New Testament was written, the term “hand” included the wrist and forearm too.) It seems that such technology directly related to the mark of the beast (Rev. 13:16,17) is one of the best-kept secrets, even in the medical field.

In fact, I have personally spoken to different medical personnel who have not heard of either the microneedle patch vaccine or the quantum dot tattoo!

Moreover, the trial date for one type of the COVID microneedle vaccine patches has been projected to begin during the first half of 2022. That detail alone shouts out the nearness of the mark, not to mention that ID2020, when speaking of their global digital ID, openly stated that non-participants would be unable to “buy or sell” goods or services. You might say

that the handwriting is on the wall for those with eyes to see who are not under the powerful delusion (2 Thess. 2:11). The imminent digital currency, as well as the openly discussed Australian quarantine camps for the unvaccinated, further indicates the nearness of the mark and the captivity before.

What is unraveling before our very eyes is the fulfillment of various prophetic details about the end days, quickly leading to early captivity for the non-compliant (Luke 21:12), followed by the beheading (Rev. 20:4) of those who remain faithful to Jesus before their departure to Paradise. With such serious trouble ahead, we Christians must remember that the “weapons of our warfare” are not the weapons of the world, but are spiritual weapons (2 Cor. 10:4; 6:7). A Christian martyr does not depart in a gun fight.

At this point in December 2021, we know that what was thrust on humanity in March 2020 was a means to usher in their so-called vaccine (really an injection of a poisonous bioweapon) and was carefully crafted to accomplish multiple satanic goals, including tracking, depopulation, experimentation, changing one’s human DNA, and connecting and enslaving the remaining hybrid humans who survive to AI (Artificial Intelligence). Additionally, the coming financial reset, using digital currency, is also central to their global injection agenda and will fulfill their promise that we will “own nothing.”

If ever there were an open worldwide sign to spiritually awaken people, if that were possible, it has to be their cruel, irrational Great Reset. Health is not their goal, but is a Trojan horse to inject all of humanity, if possible, with their poisonous cocktail of graphene oxide, aborted baby cells and immortal, self-regenerating parasites and more. This tribulation period is all related to our current spiritual test—the final big one—before those who are faithful to Jesus depart to Paradise. Our coming test can be likened somewhat unto the test of Shadrach, Meshach and Abednego back in

Babylon with the fiery furnace (Dan. 3), albeit in a different way.

Warn others, especially the saints, of how the mark of the beast is coming, and alert them that there is no eternal security or pre-tribulation rapture to rescue them from facing the mark or from the eternal consequences of buckling under the pressure and taking it (Rev. 14:9-12). People need this vital information, especially about the microneedle patch COVID vaccine and its associated quantum dot tattoo bodily mark.

Sadly, it seems that many professing Christians are still in dangerous denial of our late hour because of the fictional pre-trib rapture movies they have accepted as truth.

Carefully ponder the following scriptures that are so relevant for our late hour:

– “They overcame him by the blood of the Lamb and by the word of their testimony; they did not love their lives so much as to shrink from death” (Rev. 12:11).

– “If anyone is to go into captivity, into captivity he will go. If anyone is to be killed with the sword, with the sword he will be killed. This calls for patient endurance and faithfulness on the part of the saints” (Rev. 13:10, NIV).

Finally, as our world continues to deteriorate and people start to die on a massive scale, remain faithful to Jesus until the end.

– “Consider him [Jesus] who endured such opposition from sinful men, so that you will not grow weary and lose heart. In your struggle against sin, you have not yet resisted to the

point of shedding your blood” (Heb. 12:3,4).

– “Do not be afraid of those who kill the body but cannot kill the soul. Rather, be afraid of the One who can destroy both soul and body in hell” (Matt. 10:28). {eo}
