

One World/One God

By Ken Reynolds | Integrity Music

Singer Ken Reynolds uses the multicultural sounds of *One World/One God* to unite listeners in praise and worship and thereby break down ethnic and denominational barriers. The new CD, recorded live at Resurrection Life Church in Grandville, Mich., where Reynolds serves as worship pastor, also challenges listeners to live a life surrendered to Jesus and pays tribute to God's faithfulness.

The songs "Glory" and "Not Ashamed" declare the goodness of God. And the call-and-response lyrics of "Stand Up" encourage Christians to remain steadfast in their witness for Christ. The 14-track CD also offers salsa sounds on "Viviendo La Vida."

One World/One God reflects in music the diversity of the body of Christ while encouraging believers to worship God with one heart and mind. Says Reynolds of his project, which releases today: "It is my prayer that everyone who listens to this music will be inspired and encouraged and hear the message behind Ephesians 4: 3-6."
