

Praise Your Way Out

 By various artists | Verity Gospel Music Group

Praise Your Way Out is a moving compilation of gospel songs that takes listeners from discouragement and defeat and offers them hope.

Verity Gospel Music Group created the project by pulling together some of gospel music's best-selling songs by some of the most recognized names in the industry. The 10-track disc includes popular songs such as Donnie McClurkin's "We Fall Down," "Let Go" by DeWayne Woods, "Imagine Me" by Kirk Franklin and Marvin Sapp's award-winning cut "Never Would Have Made It."

Yolanda Adams, Dorinda Clark-Cole and Donald Lawrence & Company all lend their expertise to the project with "Still I Rise," "Take It Back" and "Healed," respectively.

Praise Your Way Out is replete with lyrics of victory and peace, and it will be a comfort to listeners facing life's difficulties and hardships. Producers say the project is a "balm of encouragement for challenging times."
