

President Trump Says, 'We Will Never Give Up'

To the wild cheers of a massive crowd in Valdosta, Georgia, first lady Melania Trump opened Saturday's rally for the president. President Donald J. Trump assured the crowd with the words:

"We will not bend! We will not break! We will not yield! We will never give in!

"We will never give up! We will never back down! We will never, ever surrender!"

The rally came after more than a month of discovering massive voter fraud. Findings include the most detailed from Nevada, where votes led back to 1,500 deceased people; 2,500 people who had changed their addresses; 6,000 voters claiming to live at vacant lots; 8,000 voters with nonexistent addresses; 1,500 people registered to commercial addresses and 20,000 at out-of-state addresses and 42,000 who registered out of state early.

Together an estimated 95,000 fraudulent votes were discovered in a state where the margin of victory was only 33,000 votes

In Pennsylvania, there were 121,000 fraudulent votes found with a margin of 81,000 votes.

In Wisconsin, it was 200,000 fraudulent votes and a margin of only 20,000.

In Arizona, there were nearly 300,000 fraudulent votes with only a 10,000-vote margin.

In Michigan, 500,000 fraudulent votes were found, with just a 10,000-vote difference between President Trump and former Vice President Joe Biden.

In Georgia, there were another 200,0000 fraudulent votes, with only a 10,000-vote difference.

All of the votes more than enough to easily proclaim President Trump as victor.

In addition, the first test of a Dominion Voting Machine showed a 30% bias built in through an algorithm in favor of Biden.

The dam has broken.

In a clear move that is seen as the Supreme Court positioning itself for a decision, Associate Justice Samuel Alito changed the pending date of his decision on the Pennsylvania lawsuit to Dec. 8. This calls for a decision before the first stage of the Electoral College vote. The strategy of the president's legal team is a three-pronged approach: legal, legislative and congressional.

Bestselling author of *God, Trump and COVID-19* Stephen Strang says, "a passive church is part of the reason the country is in the mess it is in." Ephesians 5:11 reminds us: "And do not have fellowship with the unfruitful works of darkness; instead, expose them."

The momentum has built in direct response to the 1.5 million people who attended the Million MAGA March in Washington, D.C., the daily rallies at each state capital and with a Rasmussen poll showing that 47% of voters believe the election was fraudulent, with 62% of the nation's Republicans agreeing.

Voters and Republican officials from around the country are letting their voices be heard, prompting local legislatures to take action in calling for and demanding justice.

The next MAGA March in Washington, D.C., is being held Saturday, Dec. 12. Organizers and attendees will gather to demand the president's Electoral College votes be restored.
