

Prophecy: China Bombshell Will Shock the World

In an Information Age, it's no surprise information is a weapon—but revelation can defuse the assault.

On April 23, the Holy Spirit showed me China is hiding information that needs to be released in the next 30 days—information that could impact the next 30 years.

The Holy Spirit described this as “shocking information.” This information has been kept under wraps since *before* the coronavirus pandemic erupted in Wuhan. However, there is a tie to the plagues—and the Holy Spirit told me there would be two more plagues after this current pandemic. In a March 20, 2020, vision I saw COVID-19 splitting and mutating.

With the China bombshell warning, the Lord reminded me of the prophetic word I released in Jan. 2, 2020, about global realignment of nations, political parties and churches. Part of it reads:

“Global political power will shift. The United States will wane in global influence unless the church in America rises up in prayer and restores the foundations of Christianity. Meanwhile, China will continue its rise in power in attempts to rival the U.S. and usurp our authority as the policeman of the world. Islamic nations will push for power through violence, which is nothing new, but more horrifying violence is planned.” (You can read the rest of this prophetic word [here](#)).

Beyond Trade Secrets and Bioweapons

China's hidden information goes beyond trade secrets. It goes

beyond speculated bioweapons. It goes beyond digital currency. It goes beyond cyber wars to the point of world domination.

All eyes will be on China and shock and awe will follow the revelation of this information; information that needs to be exposed to the world in the next 30 days to avoid a crisis that ripples over the next 30 years.
