

Prophecy: God Is Bringing a 'Wind of Breakthrough' to Your Hopeless Situation

Prophetic minister Hakeem Collins says if you feel as though you're stuck in one place, God is going to bring about a "wind of breakthrough" to miraculously bring about your lifelong calling.

"The Lord began to speak to me, and this word is for you: He said, 'I am bringing a wind of breakthrough around you to propel and push you into your purpose and destiny,'" Collins says. "There is this thing I believe that God is causing many of us in this season. ... If you're at a place where you say, 'Lord, what is next? I'm tired where I am. There has to be more; there has to be something that You're bringing me into, and I don't even see it.'

"This is a season where God is bringing you into, where it feels like the enemy has cornered you. ... He said, 'There is a wind of breakthrough. There was a gust of His Spirit that is blowing, and His Spirit is going to lead many of you as you pay attention to your circumstances and situations around you.'"

So, how do we know where God is guiding us? There are many ways in which God speaks, Collins says on the *Prophetic Breakthrough* podcast on the Charisma Podcast Network.

"He speaks through movies. He speaks through children, He speaks through circumstances and situations," Collins says. "He speaks even through the pain in our body to get us to pay attention to rest or go to the doctor. He speaks through confirmation of others. He speaks through dreams, visions; He speaks through trances. He speaks through prophets, apostles, pastors, teachers ... if we just open our ears to hear His

voice.”
