

Prophecy: The Body of Christ Suffered a Wardrobe Malfunction

Minister Bobby Conner didn't know what to think when the Lord woke him up with a prophetic phrase: The church has suffered a wardrobe malfunction.

"I sat straight up in bed and said, 'God, I don't understand what you said to me,'" Conner tells *The Jim Bakker Show*. "He said, 'I want you to start announcing prophetically all over the world the body of Christ has suffered a wardrobe malfunction.'"

"I said, 'Would you please give me some verses for that.,'" Conner recalls. And that's when the Lord reminded him of Judges 6 and the story of Gideon.

It might sound weird, but watch the video to see what it means.
