

Prophecy: This Is a Time to Push Back the Enemy

Vince Viozzi, a prophetic minister serving in Harrisburg, Pennsylvania, said he recently had a vision of Jesus standing tall, like a giant, with military aircraft flying all around Him, just over His head, as He was in charge and issuing commands with authority.

“He was making it known that He was in control!” he wrote in a new article published Tuesday at the Elijah List. “No matter where the call would come from, He was available on His ‘mobile throne’ to be the first responder to every call and to take control of the situation at hand!

“There is nothing that arises that He is not able to respond to and be in charge of! He is ‘King of kings and Lord of lords!’ He is responding to the calls of everyone, everywhere He is needed ... all over the globe! As things of challenging significance take place all over the earth in these days, He wants us to know that He has not lost control of the earth.”

Viozzi wrote the Lord gave him this specific message:

Yes, there are some more events to take place in the U.S., in Canada, in France, in the Koreas and elsewhere, and these outbursts of the enemy are only a tool in My hand! For I am using these circumstances and situations to shake whatever can be shaken at this time! Shake, rattle and roll over!

For have I not even set boundaries in the earth that the waters cannot pass and the darkness cannot remain? The moon stays in its orbit and the sun remains until the time that I say, ‘No More!’ For the earth is Mine and its fullness. I won it back and I have not abdicated My authority to My enemy!

So rise up and pray! Rise up and proclaim! Rise up and decree what I tell you! For this is a significant time and season to push back the enemy. He will flee!

Viozzi continued by writing that the world needs to see the church in action, and that it is time for the church to undergo an “update or upgrade” to better understand the kingdom mentality of what is coming. A wind of change is blowing, he added, invoking John 3:8 in his closing.
